

Systems Involved:

1. _____
2. _____
3. _____

System 1: _____

1. _____

2. _____

3. _____

Systems Involved:

1. Textbook definition of the system
2. Major organs
3. How does this system help?

Digestion

System 3: _____

1. _____

2. (Name the 3 types if muscles)

3. _____

System 2: _____

1. _____

2. _____

3. _____

Systems Involved:

1. _____
2. _____
3. _____

System 1: _____

1. _____
2. _____
3. _____

Systems Involved:

1. Textbook definition of the system
2. Major organs
3. How does this system help?

Respiration

System 3: _____

1. _____
2. _____
3. _____

System 2: _____

1. _____
2. _____
3. _____

Systems Involved:

1. _____
2. _____
3. _____

System 1: _____

1. _____
2. _____
3. _____

Systems Involved:

1. Textbook definition of the system
2. Major organs
3. How does this system help?

Circulation

System 3: _____

1. _____
2. Skeletal muscle & _____
3. _____

System 2: _____

1. _____
2. _____
3. _____

Systems Involved:

1. _____
2. _____
3. _____

System 1: _____

1. _____

2. _____

3. _____

Systems Involved:

1. Textbook definition of the system
2. Major organs
3. How does this system help?

Excretory

System 3: _____

1. _____

2. _____

3. _____

System 2: _____

1. _____

2. _____

3. _____

Systems Involved:

1. _____
2. _____
3. _____

System 1: _____

1. _____

2. _____

3. _____

Systems Involved:

1. Textbook definition of the system
2. Major organs
3. How does this system help?

Reproduction

Female reproduction system:

1. _____

2. _____

3. _____

Male reproduction system:

1. _____

2. _____

3. _____

Systems Involved:

1. _____
2. _____
3. _____

System 1: _____

1. _____
2. _____
3. _____

- Systems Involved:
1. Textbook definition of the system
 2. Major organs
 3. How does this system help?

Locomotion

System 3: _____

1. _____
2. _____
3. _____

System 2: _____

1. _____
2. _____
3. _____

Label the following bones on the skeleton
(see page 154):

- Skull
- Clavicle
- Scapula
- Ribs
- Sternum
- Vertebra
- Humerus
- Ulna
- Radius
- Carpals
- Metacarpals
- Phalanges
- Pelvis
- Femur
- Patella
- Tibia
- Fibula
- Tarsals
- Metatarsals
- Phalanges
